The Element Encyclopedia of Birthdays combines astrology, psychology, numerology and tarot for practical advice on how to make the best of yourself and shape your future.
Be the Worst You Can Be -Charles Saatchi 2012-04-02 Charles Saatchi is a man with strong opinions on everything from movies to morals, superstition to suicide, and in this book he answers nearly 300 questions from readers and journalists, offering much for everyone to reflect on.
English Language in Sudan -Liza Sandell 1982
The Urban Bestiary -Lyanda Lynn Haupt 2013-09-17 From the bestselling author of Crow Planet, a compelling journey into the secret lives of the wild animals at our back door. In THE URBAN BESTIARY, acclaimed nature writer Lyanda Lynn Haupt journeys into the heart of the everyday wild, where coyotes, raccoons, chickens, hawks, and humans live in closer proximity than ever before. Haupt's observations bring compelling new questions to light: Whose "home" is this? Where does the wild end and the city begin? And what difference does it make to us as humans living our everyday lives? In this wholly original blend of science, story, myth, and memoir, Haupt draws us into the secret world of the wild creatures that dwell among us in our urban neighborhoods, whether we are aware of them or not. With beautiful illustrations and practical sidebars on everything from animal tracking to opossum removal, THE URBAN BESTIARY is a lyrical book that awakens wonder, delight, and respect for the urban wild, and our place within it.
Running -Ronnie O'Sullivan 2013-10-10 World Snooker Champion Ronnie O'Sullivan's frank and honest account of his astonishingly dramatic life. I used to rely on drugs and alcohol to keep me going, but now I've got the healthiest addiction going - running. This book explains how running has helped me to fight my demons - my addictive personality, depression, my dad's murder conviction, the painful break-up with the mother of my children - and allowed me to win five World Snooker Championships. It is also about all of the great things in my life - my kids, snooker, my dad's release from prison, great mates who have helped me, and the psychiatrist Dr Steve Peters, who has taught me how not to run away when things get tough. Finally, it's about what it's like to get the buzz - from running, from snooker, from life. Because when it comes down to it, everyone needs something to drive them on.
Chasing Goldman Sachs -Suzanne McGee 2011-07 You knowwhathappened during the financial crisis ... now it is time to understandwhythe financial system came so close to falling over the edge of the abyss andwhyit could happen again.Wall Street has been saved, but it hasn't been reformed. What is the problem? Suzanne McGee provides a penetrating look at the forces that transformed Wall Street from its traditional role as a capital-generating and economy-boosting engine into a behemoth operating with only its own short-term interests in mind and with reckless disregard for the broader financial system and those who relied on that system for their well being and prosperity. Primary among these influences was "Goldman Sachs envy": the self-delusion on the part of Richard Fuld of Lehman Brothers, Stanley O'Neil of Merrill Lynch, and other power brokers (egged on by their shareholders) that taking more risk would enable their companies to make evenmoremoney than Goldman Sachs. That hubris—and that narrow-minded focus on maximizing their short-term profits—led them to take extraordinary risks that they couldn't manage and that later severely damaged, and in some cases destroyed, their businesses, wreaking havoc on the nation's economy and millions of 401(k)s in the process. In a world that boasted more hedge funds than Taco Bell outlets, McGee demonstrates how it became ever harder for Wall Street to fulfill its function as the financial system's version of a power grid, with capital, rather than electricity, flowing through it. But just as a power grid can be strained beyond its capacity, so too can a "financial grid" collapse if its functions are distorted, as happened with Wall Street as it became increasingly self-serving and motivated solely by short-term profits. Through probing analysis, meticulous research, and dozens of interviews with the bankers, traders, research analysts, and investment managers who have been on the front lines of financial booms and busts, McGee provides a practical understanding of our financial "utility," and how it touches everyone directly as an investor and indirectly through the power—capital—that makes the economy work. Wall Street is as important to the economy and the overall functioning of our society as our electric and water utilities. But it doesn't act that way. The financial system has been saved from destruction but as long as the mind-set of "chasing Goldman Sachs" lingers, it will not have been reformed. As banking undergoes its biggest transformation since the 1929 crash and the Great Depression, McGee shows where it stands today and points to where it needs to go next, examining the future of those financial institutions supposedly "too big to fail." From the Hardcover edition.
Chasing McCree -J.C. Isabella 2013-04-01 *****INCLUDES: TWO SHORT STORIES, A MCCREEE'S STAR SPANGLED 4TH AND A MCCREEE CHRISTMAS***** Briar Thompson had it all. The right clothes, the right friends, the right car. Being popular was all that mattered. Her parents were rich and treated like royalty throughout the community. She thought her senior year of high school was going perfectly, until the night her drink was spiked at a party by one of her so called friends. That was the night she met Chase McCree. Chase wanted to go back to Montana. To the ranch and the wild, wide blue sky that went on forever. He wanted nothing to do with flashy cars or spoiled rich kids. But he found himself head over boots for the quirky cheerleader who turned her back on her social status. She befriended him when no one else would. Shunned and hurt by the people who were once her friends, Briar flees with Chase to his family ranch in Montana. There she discovers another world, and apart of herself she never knew. The cowboy wasn't like anyone she'd ever met. The cheerleader wasn't like anyone he'd ever met. Apart their lives didn't seem to make sense, but together, they were chasing forever.
About Time -Jack Finney 2013-11-12 About Time offers a delightful return to the world of time travel and light comedy that distinguished Jack Finney's all-time classic Time and Again. The protagonists of these twelve stories are well-meaning but at odds with their surroundings and their lives. The time to which they escape—through time travel—doesn't always fulfill their expectations in the way they had hoped, but sometimes, they can still find their dreams.
Unbelonging -Sabrina Stark 2013-12-23
In the Company of Ogres -A. Lee Martinez 2007-04-03 Appointed to the head of the wayward Ogre Company when his immortality proves valuable on several occasions, Never Dead Ned finds himself in charge of such fellow monsters as a two-headed ogre, a seductive siren, and a suicidal goblin. Reprint.
Mastering Risk and Procurement in Project Management -Randal Wilson 2014-08-21 Master the crucial risk management and procurement tasks that are indispensable to project success! In Mastering Risk and Procurement in Project Management, expert project manager and seasoned professor Wilson addresses every stage of the project where risk management and procurement are relevant, especially planning, monitoring, and control. Teaching through relevant examples and case studies, Wilson explains: Why risk management and procurement are so crucial to achieving your project's goals The deep and surprising linkages that exist across risk management and procurement How to avoid common pitfalls How to integrate best-practice risk management and procurement throughout your PMBOK processes. Drawing on his own extensive experience, he offers in-depth coverage of topics ranging from contracting and risk monitoring to project close-out, and gives readers practical knowledge of critical processes and tasks in project management.
Saints Astray -Jacqueline Carey 2011-11-22 Post-apocalyptic scifi meets urban fantasy in Jacqueline Carey's sequel to Santa Olivia as two girls fight to stay together and change the world. After their escape from military custody, Loup Garron and her girlfriend Pilar have a chance to reinvent their lives thousands of miles away from the forgotten and disenfranchised Texas border town and military zone of Santa Olivia. Thanks to Loup's genetically engineered gifts of strength, speed, and an innate fearlessness, as well as Pilar's unexpected skill with a pistol, they find new careers as high-priced bodyguards for a world famous British rock band. Back in the States, an investigation into the existence of Santa Olivia, also known as Outpost 12, begins in Washington, D.C. When the key witness with evidence to expose the military cover-up, their old comrade Miguel, vanishes, the case seems lost. The abandoned citizens of Santa Olivia need a champion, a voice raised on their behalf, which pushes Loup and Pilar into a hard choice. If Loup returns to U.S. soil, she'll be an outlaw. If she's caught, she'll be taken into custody again; and this time, there may be no escape. But if she and Pilar don't fight for the freedom of those they left behind, no one will.
A Grand Illusion? -Tony Judt 1996 Originally published: New York: Hill and Wang, 1996.
All My Life -Susan Lucci 2011-09-13 "See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and All My Children were introduced to the world in 1971, American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. All My Life shares the stories of those transformations: starting in roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one critic raved about her performance in Annie Get Your Gun; mounting successful cabaret acts (solo and with Regis Philbin), bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC's hit show Dancing with the Stars; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son's life-threatening illness, coping with her husband's cancer, and the pain of miscarriage—one of the many parallels between her Erica Kane. As charming, down-to-earth, and compelling as the woman whose story it tells, All My Life shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.
Love Is All You Need -Deb Caletti 2013-01-01 Get a double dose of realistic romance in this collection of two fan favorites from Deb Caletti. Love may or may not be all you actually need, but it's easy to feel that it is when you're wrapped up in

one of these two stories from Deb Caletti. In Wild Roses, Cassie is in love, but she can't let her stepfather know. Her mom's husband is a beloved public figure, but a private nightmare whose manic phases and paranoia are getting worse. Cassie begins to fear for the safety of her boyfriend...and herself. In The Nature of Jade, Jade struggles with Panic Disorder. Her boyfriend is a calming influence...until she learns that he's hiding a terrible secret. A secret that will force Jade to decide between what is right—and what feels right.

Internal Medicine:

Just the Facts-Paul Schmitz 2008-03-18 All the essentials of internal medicine in an instant! This concise, yet all-inclusive review is the perfect tool to prepare for primary certification and recertification exams, or for use as a clinical refresher. -Frank L Pedrotti 2013-08-28 The text is a comprehensive and up-to-date introduction to optics suitable for one- or two-term intermediate and upper level undergraduate physics and engineering students. The reorganized table of contents provides instructors the flexibility to tailor the chapters to meet their individual needs.

Unbreak Me

-Lexi Ryan 2013-05 New Adult contemporary romance. Due to sexual content and heavy subject matter, this book is intended for mature readers. "If you're broken, I'll fix you..." I'm only twenty-one and already damaged goods. A slut. A failure. A disappointment to my picture-perfect family as long as I can remember. I called off my wedding to William Bailey, the only man who thought I was worth fixing. A year later, he's marrying my sister. Unless I ask him not to... "If you shatter, I'll find you..." But now there's Asher Logan, a broken man who sees the fractures in my façade and doesn't want to fix me at all. Asher wants me to stop hiding, to stop pretending. Asher wants to break down my walls. But that means letting him see my ugly secrets and forgiving him for his. With my past weighing down on me, do I want the man who holds me together or the man who gives me permission to break?

Bioinformatics for Diagnosis, Prognosis and Treatment of Complex Diseases

-Bairong Shen 2013-11-25 The book introduces the bioinformatics tools, databases and strategies for the translational research, focuses on the biomarker discovery based on integrative data analysis and systems biological network reconstruction. With the coming of personal genomics era, the biomedical data will be accumulated fast and then it will become reality for the personalized and accurate diagnosis, prognosis and treatment of complex diseases. The book covers both state of the art of bioinformatics methodologies and the examples for the identification of simple or network biomarkers. In addition, bioinformatics software tools and scripts are provided to the practical application in the study of complex diseases. The present state, the future challenges and perspectives were discussed. The book is written for biologists, biomedical informatics scientists and clinicians, etc. Dr. Bairong Shen is Professor and Director of Center for Systems Biology, Soochow University; he is also Director of Taicang Center for Translational Bioinformatics.

Nature of Jade

-Deb Caletti 2010-06-22 A girl grappling with Panic Disorder finds comfort—and love—with a boy who is hiding a terrible secret in this poignant and romantic novel from Printz Honor medal winner and National Book Award finalist Deb Caletti. Jade DeLuna is too young to die. She knows this, and yet she can't quite believe it, especially when the terrifying thoughts, loss of breath, and dizzy feelings come. Since being diagnosed with Panic Disorder, she's trying her best to stay calm, and visiting the elephants at the nearby zoo seems to help. That's why Jade keeps the live zoo webcam on in her room, and that's where she first sees the boy in the red jacket. A boy who stops to watch the elephants. A boy carrying a baby. His name is Sebastian, and he is raising his son alone. Jade is drawn into Sebastian's cozy life with his son and his activist grandmother on their Seattle houseboat, and before she knows it, she's in love. Jade knows the situation is beyond complicated, but she hasn't felt this safe in a long time. And she owes it to Sebastian, her boy with the great heart. Her boy who is hiding a terrible secret. A secret that will force Jade to decide between what is right, and what feels right...

Occupational Therapy in Home Health Care

-Catherine Verrier Piersol 2009

Takin' it to the Streets

-Alexander Bloom 1995 Takin' It to the Streets is a comprehensive collection of primary documents covering political, social and cultural aspects of the 1960's. Drawn from mainstream sources, little-known sixties periodicals, pamphlets and public speeches, this anthology brings together representative writings many of which have been unavailable for years or have never been reprinted, from the Port Huron Statement and Malcolm X's "The Ballot or the Bullet" to Richard Nixon's "If Mob Rule Takes Hold in the U.S." and Ronald Reagan's "Freedom versus Anarchy on Campus." Introductions and headnotes by the editors help highlight the importance of particular documents while relating them to each other and placing them within the broader context of the decade. While paying particular attention to civil rights, anti-war activity, Black power, the counter-culture, the women's and gay/lesbian struggles for recognition, the authors also take into account the conservative backlashes these sparked and thus present a balanced portrait of a tumultous era. Covering an extremely popular period of history, Takin' It to the Streets stands out as a thorough and accessible collection of documents, an authoritative reader for a decade such as America had not seen before or experienced since.

Tales from the Bear Cult

-Mark Henry 2001 Hand-picked by a dozen magazine editors from Bear, Classic Bear, American Bear, American Grizzly, Drummer, Men, Indulge, Hippie Dick, and Target magazines, these 17 short stories light up the world of Bears and Cubs emerging as a species within the diverse gay world.Masculine adventure stories meet men's love stories.Comedy mixes light erotica with some serious themes. Young Bear Culture counters the Gay Over-Culture where Bears' potential is often circumscribed by their sexuality of the homomasculine kind, because Bears famously explode stereotypes of gay beauty into new archetypes. These stories show Bears are a fresh new movement in the queer world. Post-plague and post-political-correction, the thousands of men in the Bear Movement demonstrate it's okay for gay men to be masculine again, celebrating all the primary joys and secondary sex characteristics of beards, hairy bodies, and belly-up-to-the-bar-boys sex.The 18 pages of new G-rated photographs by Palm Drive Video reference photographer Chris Nelson's best-selling coffee-table photo book, The Bear Cult with its introduction by famed British cultural critic, Edward Lucie-Smith.

Peter Alliss-My Life

-Peter Alliss 2021-03-04 Peter Alliss has spent his entire life steeped in golf. He was born in 1931, the son of Percy Alliss, one of Britain's leading professionals between 1920 and 1939. Peter himself turned professional in 1947, at the age of sixteen. During his pro career, which lasted until 1974, Peter won three British PGA championships, played in eight Ryder Cup teams, and ten teams representing England in the World Cup. He won 23 major tournaments in all, his most memorable achievement being in 1958 when he won the Italian, Spanish and Portuguese Open Championships in three successive weeks. He has had a colourful personal life, which has not always been easy; he has been married twice and had five children, and also had to learn to cope with the grievous loss of his young daughter, Victoria. Peter Alliss is now universally known and loved for his golfing commentaries throughout the world, for the BBC in the UK and ABC in the US. For millions of people around the world, Peter Alliss is 'the Voice of Golf,' and his unique style has added insight for the viewer of the televised game. He was recently voted by Golf Digest as 'The Best Golf Commentator ... Ever.'

Hurting Memories and Beneficial Forgetting

-Michael Linden 2013-01-07 Memories are indispensable for individuals as well as social groups. Forgetting not only means loss of functioning but also loss of identity. Memories can also be hurting and cause problems, as research on posttraumatic stress disorders (PTSD) has shown. This is true for individuals as well as social groups and even societies. Memories and especially negative memories can escape the control of the individual. Many political conflicts can only be understood when taking history and memories into account. In this volume a comprehensive scientific overview is given on the development of "hurting memories" in individuals and societies. Consequences are described, i.e. from mental disorders in individuals, like PTSD or other neurotic disorders, to societal tensions and conflicts, from South Africa to Northern Europe. Additionally, "beneficial forgetting" is discussed, from treatments of individuals to reconciliation between social groups. The contrasting of "hurting memories and beneficial forgetting" can help to understand, that memories can have positive and negative results and that it is difficult to decide when to support memories and when forgetting. Bringing individual and societal memories in coinction - the benefit is a new perspective on the interactrion between individuals and society Pointing to possible negative consequences of memory - the benefit is a new perspective of an important but under recognized scientific and clinical problem Presenting modes of treatment and reconciliation for individuals and social groups - an overview which can't be found elsewhere

Aviation Risk and Safety Management

-Roland Müller 2014-03-31 The International Civil Aviation Organization's (ICAO) decision to require aviation organizations to adopt Safety Management Systems poses a major problem especially for small and medium sized aviation companies. The complexity of regulations overstrains the aviation stakeholders who seek to fully advantage from them but have no clear guidance. The aim of the book is to show the implementation of such a new system with pragmatic effort in order to gain a gradation for smaller operators. This approach should illustrate the leeway in order to adapt the processes and to show the interfaces between Corporate Risk Management and Safety Management. The book shows how to build a system with reasonable effort, appropriate to the size and complexity of the specific operator. It also gives inputs on the key aspects and how to effectively operate such a system with the various interfaces. Furthermore, the book highlights the importance of Corporate Risk Management independent of Safety Management Systems based on ICAO.

The Unofficial Guide to Passing OSCEs

-2012
