**Le Mystère Des Cathédrales**-Fulcanelli 1984 A translation of Fulcanelli's book on the meaning of hermetic symbols as they relate to the construction of cathedrals.

**Fulcanelli and the Alchemical Revival**-Geneviève Dubois 2005-11-10 Sheds new light on the identity of the alchemist Fulcanelli • Provides new understanding of the relationships between the most important figures of the esoteric milieu of Paris in the first half of the 20th century • Includes a wealth of rarely seen documents, photos, and letters Fulcanelli, operative alchemist and author of The Mystery of the Cathedrals and The Dwellings of the Philosophers--two of the most important esoteric works of the twentieth century--remains himself a mystery. The true identity of the man who allegedly succeeded in creating the philosopher's stone has never been discovered, despite ardent searches by many--even the OSS (the wartime U.S. intelligence agency, later to become the CIA) claimed to have looked for him following the end of World War II. Geneviève Dubois looks at the esoteric milieu of Paris at the turn of the century, a time that witnessed a great revival of the alchemical tradition, and investigates some of its salient personalities. Could one of these have been this enigmatic man, reported to have last appeared in Seville, Spain, in 1952 when he would have been 113 years of age? The trail followed by the author encounters such figures as Papus, René Guénon, Schwaller de Lubicz, Pierre Dujols, Eugene Canseliet, and Jean-Julien Champagne. Working from rare documents, letters, and photos, Dubois suggests that one of these men could have been hiding his activity behind the pseudonym of Fulcanelli or that Fulcanelli may even have been a composite fabricated by several of these individuals working together. Beyond its attempt to reveal the actual identity of Fulcanelli, Fulcanelli and the Alchemical Revival also presents an explanation of the alchemical doctrine and reveals the unsuspected relationships among the important twentieth-century truth seekers it highlights.

**The Dwellings of the Philosophers**-Fulcanelli (pseud.) 1999 The true identity of this Alchemical Adept has never been publicly discovered but there are few who would not recognize his works as the most significant contribution to the Great Art in more than 100 years. The author displays an immense knowledge of the practices of Alchemy and the Alchemists of the Middle Ages and for the first time makes clear the differences between Chemistry, Spagyrics, Archemy, and Alchemy. For many, the most amazing revelation of the book will be the author's review and exhaustive interpretation of the extensive statuary, bas relief, and other artistic devices built into the homes of numerous Medieval Alchemists. These works of art have for centuries openly revealed the secrets of Alchemy to all who have the eyes to see. This long awaited translation from the original French will be of immense benefit to those who seek to understand Alchemy for what it truly is -- the art and science of Creation and Transformation of physical form through the agency of Man.

**The Mysteries of the Great Cross of Hendaye**-Jay Weidner 2003-12-10 Decodes the message held by this enigmatic monument, revealing the alchemical secret of time and the fate of humanity.

**ALCHEMY AND ITS MUTE BOOK**-Eugène Canseliet F.C.H. 2015-12-27 ALCHEMY AND ITS MUTE BOOK. In the year of foundation in 2010, we published Br. Magaphon's commentary on the Mutus Liber - the Book Without Words. This year we offer commentary on the Mutus Liber from Magaphon's friend and associate: Eugène Canseliet. Canseliet had a most pivotal role in the transmission of the alchemical tradition in Europe in the 20th century. Canseliet may not quite touch upon the innermost secrets of the book, as becomes obvious from the preface of Br. Exoslius, yet this book still offers a most formidable insight in the Visual Language of the Alchemists of old.

**Philosophical Preparation of Cannabis Sativa**-Noah Fence 2018-05-02 Philosophical Preparation of Cannabis Sativa Quintessence of the Great Cain is loaded with photos of lab work producing an Alchemical Quintessence from Cannabis Sativa. An Alchemical Quintessence is an incredibly therapeutic holistic medicine. The effects are legendary. The process of preparation is explained step by step alongside an elaboration of the hidden history of this great cane and its influence on gods and men. Many images have been included to illumine the impact of the outlawed history that no one really knows. The graphics are taken from common religious and occult accounts of the accepted historic mythology and legends.

**Hermetic Recreations**-Christer Boke 2018-08-19 Translated into English for the very first time, the Hermetic Recreations is a uniquely lucid masterwork of French Hermetic philosophy. Set down in an anonymous hand at the turn of the Nineteenth Century, it provides critical insights into the operative arts of the western alchemical tradition. Illuminating both the traditional mediaeval practices which it inherited, and those of the Parisian alchemical revival which it would influence, this rare text forms an important bridge between alchemical epochs. Although the identity of the author remains a mystery, the text appears to have been composed sometime between the late 18th and early 19th centuries. Preserved in the manuscript collection of Muséum d'Histoire Naturelle in Paris, it was first brought to the attention of Bernard Husson by his friend, Eugène Canseliet (1899-1982), the French alchemist and only direct student of Fulcanelli. This eventually resulted in the first

publication of *Les Récréations hermétiques* in 1964. Gilles Pasquier published a corrected edition in 1992, also in French, which included the Scholium or commentary. The text of the Scholium is a particularly revealing addition, for it presents 150 Hermetic "aphorisms" encapsulating the core principles of the alchemical process. Both texts, which clearly form a single work, are presented here in a handsome dual language edition, in French and in English, with copious scholarly annotations by Christer Böke, John Koopmans, Stanislas Klossowski de Rola, and Aaron Cheak. A limited edition hardback version of this work, in a limited print run of 222 copies, is available exclusively through Rubedo Press.

**The Alchemist**-Paulo Coelho 2015-02-24 A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Lovecraft (America's "secret alchemist") and traditional Alchemy, *Polaria* is an exploration of the meaning behind meanings, a Book of Origins beginning where others end. It is a guide leading one out of the labyrinth of existence and the limitations of Space-Time. In true esoteric fashion, *Polaria* serves as a beacon to the spiritual depths of life.

**Melchizedek and the Mystery of Fire**-Manly P. Hall 2016-11-11 Originally published in 1926, this short book focused on the symbolism surrounding the ancient patriarch Melchizedek serves as a concise introduction to important imperceptible truths. "The elaborate rituals of the ancient Mysteries and the simpler ceremonials of modern religious institutions had a common purpose. Both were designed to preserve, by means of symbolic dramas and processions, certain secret and holy processes, by the understanding of which man may more intelligently work out his salvation. The pages which follow will be devoted to an interpretation of some of these allegories according to the doctrine of the ancient seers and sages."

**The Stargate Conspiracy**-Lynn Picknett 2001-09-01 In recent years, alternative historians have gained remarkable insight into the mysteries of ancient Egypt—but according to Lynn Picknett and Clive Prince, their discoveries tie into a dangerous conspiracy nearly fifty years in the making. At the center of this conspiracy is a group of respected, powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth. The conspirators have intimate and exclusive knowledge of this momentous second coming—but they insist on keeping it to themselves. What could be the purpose of such a conspiracy? Why are the conspirators so desperate to keep their information a secret? And what does it mean for mankind? In this riveting, well-researched book, Picknett and Price offer compelling evidence that the conspiracy exists—and expose the insidious motivations of the individuals and organizations behind it....

**Medusa**-Stephen R. Wilk 2007-11-15 Medusa, the Gorgon, who turns those who gaze upon her to stone, is one of the most popular and enduring figures of Greek mythology. Long after many other figures from Greek myth have been forgotten, she continues to live in popular culture. In this fascinating study of the legend of Medusa, Stephen R. Wilk begins by refamiliarizing readers with the story through ancient authors and classical artwork, then looks at the interpretations that have been given of the meaning of the myth through the years. A new and original interpretation of the myth is offered, based upon astronomical phenomena. The use of the gorgoneion, the Face of the Gorgon, on shields and on roofing tiles is examined in light of parallels from around the world, and a unique interpretation of the reality behind the gorgoneion is suggested. Finally, the history of the Gorgon since classical times is explored, culminating in the modern use of Medusa as a symbol of Female Rage and Female Creativity.

**The Light of Egypt**-Thomas H. Burgoyne 1999-09 Volume Two continues where Part One left off within the areas of the zodiac and astro-theology. A. Schwaller de Lubicz (1887-1961). It provides a passionately felt, personal, and dramatic introduction to the startling world of this contemporary alchemist. Structured like a mystery and distilled in the crucible of memory for fifteen years, *Al-Kemi* provides a passionately felt, personal, and dramatic introduction to the startling world of this twentieth-century alchemist.

**Freemasonry and the Orient. Esotericisms Between the East and the West**-Barbara De Poli 2019

**The Alchemical Keys to Masonic Ritual**-Timothy Hogan 2007-12-01 This is the first book which establishes a direct link between the rituals of Freemasonry and the practice of both chemical and spiritual alchemy. Albert Pike understood that the symbolic degrees of Freemasonry contained alchemical secrets, but he never put the whole pattern together and showed how. This book shows these connections for the first time. This book is a must for any Freemason who wants to understand the secret meanings behind the Symbolic "Blue Lodge" ritual. Tim Hogan is a PM, 32\*KCCH, KT, FRC, PSM-AMD, and Knight RC of the Royal Order of Scotland. He lectures extensively both inside and outside of the United States on Freemasonry.

**Universe of Stone**-Philip Ball 2009-03-17 Chartres Cathedral, south of Paris, is revered as one of the most beautiful and profound works of art in the Western canon. But what did it mean to those who constructed it in the twelfth and thirteenth centuries—and why was it built at such immense height and with such glorious play of light, in the soaring manner we now call Gothic? In this eminently fascinating work, author Philip Ball makes

sense of the visual and emotional power of Chartres and brilliantly explores how its construction—and the creation of other Gothic cathedrals—represented a profound and dramatic shift in the way medieval thinkers perceived their relationship with their world. Beautifully illustrated and written, filled with astonishing insight, Universe of Stone embeds the magnificent cathedral in the culture of the twelfth century—its schools of philosophy and science, its trades and technologies, its politics and religious debates—enabling us to view this ancient architectural marvel with fresh eyes.

**Gnosis**-Dan Merkur Traces the use of powerful gnostic visionary techniques from Hellenistic Gnosticism and Jewish merkabah mysticism, through Muhammad, the Ismaeilis, and theosophical Sufism to medieval neoplatonism, and renaissance alchemy.

**The Secrets Of Nostradamus**-David Ovason 2012-05-31 Walker argues that previous translations have got it wrong, because they have failed to realise that Nostradamus was writing in an esoteric language called the 'green language'. Where previous translations have seemed to stretch a point to make a quotation fit an historical event, Walker reveals the prophet's true prophecies regarding the American and French revolutions, the Franco-Prussian, First, Second, and Third world wars, earthquakes, floods, the Antichrist and the end of the world. Properly seen, Walker argues, Nostradamus is the greatest Western prophet to commit his prophecies to writing since the Old Testament.

**A Guide to Mystical France**-Nick Inman 2016-01-12 France is one of the most visited countries in the world -- and one of the least known. This book takes you beyond the superficial coverage of conventional guidebooks -- history, architecture, etc. -- in search of the deeper truths. A Guide to Mystical France takes you deep under the psychic skin of France into the invisible dimensions that our materialistic world does its best to ignore. Science stops at the most interesting questions. To describe, say a painted prehistoric cave as a sacred space used for ritual is to beg more questions than it answers. It is impossible to fully appreciate the cathedral of Notre-Dame, Mont St Michel, or the alignments of Carnac if you do not understand the reasons these structures were built and the way they have been used over the centuries. The book makes no assumptions. The reader is not required to believe anything. He is merely pointed in the direction of the invisible and the hidden and left to judge for himself. You get much more out of a visit if you look for what isn't there as well as what is. Only by engaging with such enigmas in an open-minded, non-logical way can we begin to unravel them. This approach also makes sightseeing more satisfying and more meaningful. Covered here are a multitude of fascinating themes: the pilgrimage route to Santiago de Compostela, Black Virgins, prehistoric cave paintings, labyrinths, ley-lines, symbolism and sacred geometry, the tarot, etc. The backdrops for the drama includes such legendary places as Chartres, Rennes-le-Chateau, churches carved out of the rock and mountain sanctuaries. The cast list, meanwhile, includes Templars, Cathars, mystics, Gurdjieff, King Arthur, Nostradamus and alchemists such as the enigmatic Fulcanelli (who is rumoured to be immortal).

**Unholy Alliance**-Peter Levenda 2019-11-15 In June of 1979, Peter Levenda flew to Chile—then under martial law—to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: “You are not welcome in this country.” The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, Unholy Alliance was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author's personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its creator, Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional

information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes Ratline and The Hitler Legacy. This is where it all began.

**The Esoteric Secrets of Surrealism**-Patrick Lepetit 2014-04-24 A profound understanding of the surrealists' connections with alchemists and secret societies and the hermetic aspirations revealed in their works • Explains how surrealist paintings and poems employed mythology, gnostic principles, tarot, voodoo, alchemy, and other hermetic sciences to seek out unexplored regions of the mind and recover lost “psychic” and magical powers • Provides many examples of esoteric influence in surrealism, such as how Picasso's Demoiselles d'Avignon was originally titled The Bath of the Philosophers Not merely an artistic or literary movement as many believe, the surrealists rejected the labels of artist and author bestowed upon them by outsiders, accepting instead the titles of magician, alchemist, or--in the case of Leonora Carrington and Remedios Varo--witch. Their paintings, poems, and other works were created to seek out unexplored regions of the mind and recover lost “psychic” and magical powers. They used creative expression as the vehicle to attain what André Breton called the “supreme point,” the point at which all opposites cease to be perceived as contradictions. This supreme point is found at the heart of all esoteric doctrines, including the Great Work of alchemy, and enables communication with higher states of being. Drawing on an extensive range of writings by the surrealists and those in their circle of influence, Patrick Lepetit shows how the surrealists employed mythology, gnostic principles, tarot, voodoo, and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness. He provides many specific examples of esoteric influence among the surrealists, such as how Picasso's famous Demoiselles d'Avignon was originally titled The Bath of the Philosophers, how painter Victor Brauner drew from his father's spiritualist vocation as well as the Kabbalah and tarot, and how doctor and surrealist author Pierre Mabille was a Freemason focused on finding initiatory paths where “it is possible to feel a new system connecting man with the universe.” Lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around Fulcanelli. He also explores the relationship between surrealists and Freemasonry, Martinists, and the Elect Cohen as well as the Grail mythos and the Arthurian brotherhood.

**The Secret History of the World and How to Get Out Alive**-Laura Knight-Jadczyk 2005 Previously published as Ancient Science, Secret History contains 150 pages of new material. The Secret History of The World and How To Get Out Alive is the definitive book of the real answers where Truth is more fantastic than fiction. Laura Knight-Jadczyk, wife of internationally known theoretical physicist, Arkadiusz Jadczyk, an expert in hyperdimensional physics, draws on science and mysticism to pierce the veil of reality. With sparkling humour and wisdom, she picks up where Fulcanelli left off, sharing over thirty years of research to reveal, for the first time, The Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike. Conspiracies have existed since the time of Cain and Abel. Facts of history have been altered to support the illusion. The question today is whether a sufficient number of people will see through the deceptions, thus creating a counter-force for positive change - the gold of humanity - during the upcoming times of Macro-Cosmic Quantum Shift. Laura argues convincingly, based on the revelations of the deepest of esoteric secrets, that the present is a time of potential transition, an extraordinary opportunity for individual and collective renewal: a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science, art and spirituality. The Secret History of the World allows us to redefine our interpretation of the universe, history, and culture and to thereby navigate a path through this darkness. In this way, Laura Knight-Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms. With over 800 pages of fascinating reading, The Secret History of The World and How to Get Out Alive is rapidly being acknowledged as a classic with profound implications for the destiny of the human race. With painstakingly researched facts and figures, the author overturns long-held conventional ideas on religion, philosophy, Grail legends, science, and alchemy, presenting a cohesive narrative pointing to the existence of an ancient techno-spirituality of the Golden Age which included a mastery of space and time: the Holy Grail, the Philosopher's Stone, the True Process of Ascension. Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations - a culture so advanced that none of the trappings of civilization as we know it were needed, explaining why there is no 'evidence' of civilization as we know it left to testify to its existence. The author's consummate synthesis reveals the Message in a Bottle reserved for humanity, including the Cosmology and Mysticism of mankind Before the Fall when, as the ancient texts tell us, man walked and talked with the gods.

Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind - or at least a portion of mankind - has the opportunity to regain his standing as The Child of the King in the Golden Age. If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world, then surely *The Secret History of the World and How to Get Out Alive* is it.

**How to See**-George Nelson 2003 Rev. ed. of: *How to see*. Boston: Little, Brown, 1977.

**The Book Of The Eclipse**-David Ovason 2013-10-31 As David Ovason shows, eclipses have always marked turning points in history and in the lives of individuals: the foundation of Rome, the crucifixion, the saving of the life of Christopher Columbus, the foundation of Washington DC, the death of Diana, Princess of Wales and even the future fall from grace of President Clinton are among Ovason's many examples. Ovason also shows how stone circles were linked to eclipses and how these events have always been supposed by initiates to create shadow-tunnels into the spiritual world, allowing special possibilities of communication with the spiritual world.
